This year: Patti shared the numerous, specific positive comments from the festival.

Opportunity drawings: Wonderful and thank you.

The photographer, white boards signs and the banners were beautiful.

Final concert: Several folks commented that the second half of the concert was very heavy and long.

Next year: Credit Michael Mufson on the program for the graphic design on the banners.

Marilyn would like to explore having a music folk heritage concert at the library next year after the festival.

We talked about changing 50 minute to 45 minute concerts during the day to have more of a break in between sets.

Make sure to get the word out to the pre-school audiences beforehand to boost the attendance for the pre-school set.

Food truck: Quality of the food was fabulous! Vouchers were great! Marilyn suggested 12:30 to 2:30 next year. We'd like to revisit the guarantee next year and try to avoid it, if possible.

Meet with Bill and the FOL about local publicity and the feedback form and numbers.

Think about possibly ordering new flags for the stage.
